## About the Cord 43 (curved)

Using the Cord 43, also known as a 2-channel keder frame, makes it possible to create impressive banners quickly and easily. You only need two aluminium Cord 43 profiles. By adding a curve to the profile, you give it a certain uniqueness. A profile with a rounded shape is instantly noticeable when you suspend it in a room, even if it features a modest print.

## The advantages

- ✓ Curved Cord 43
- ✓ Available as a cylinder and curved frame
- ✓ Easy installation
- ✓ Easily interchangeable

# Mounting

## Attached to the ceiling

Keder frame suspended from the ceiling.
